LED Displays

Simple LED Scoreboards

Our simple LED scoreboards are ideal for smaller venues, for both indoors and outdoors, where budget is important. They are certainly cost conscious but can still impress your supporters.

The LED displays can show the scores and Club names and we can incorporate either a minute or minute/second timer as shown in the examples below. The scoreboards are manufactured with a powder coated aluminium back plate with the LED displays mounted on the face. The depth of the LED displays is 70mm. The LED text area is fully programmable to show your Club's name in CAPS or Lower case and in a variety of different colours to suit your CLUB Colours.

Our most popular options are shown below, but other configurations are available, call us for costs.

Option 1

Size: 1700mm (w) x 1200mm (h)

Aluminium plate with full colour printing to face.

LED screen 400mm (w) x 720mm (h)

Single/Double digit scores and team - 300mm high digits with Scrolling message display below, which can also show TIME.

LED Displays

Club Colours

We can incorporate your Club's colours and graphics, our prices include for full colour printing to the face of the plate, some examples shown below. Full artwork (.AI or .EPS format) to be provided by the client, otherwise you can supply us with logos and text and we will produce your artwork.

Many LED colour options are available and can be changed within the software.

Controllers

The scoreboards are simply controlled with our inbuilt wi-fi Controller, our LEDsynergy Web-based Scoreboard software is accessed from your mobile phone or tablet.

Post and Wall Fixing

The scoreboards are generally installed on posts, the aluminium back plate has rails to the back to enable fixing to the posts, as shown right. We can supply a pole kit which includes 2 posts to suit plus fixings.

Extra Sponsor Panel - Header or Footer

An additional panel can be supplied, the same width as your scoreboard panel and approx 300mm high which can then be used as a sponsor panel at the bottom or an additional header panel.

About us

As an established leader in the UK for electronic message display signs and with nearly 40 years experience in the business of supplying programmable LED signs and LED displays, you can be sure that we'll give you the right advice and excellent service, these are the values that we hold dear. Accreditations

LED Synergy Electronic Displays have nearly 40 years experience in the manufacture and supply of electronic displays to many companies and individuals worldwide. We have a wealth of experience and expertise and have been accredited with the following certifications:

*"I am over the moon!" Quartermaster
- Army Land Forces HQ*

"Scoreboard is a great success, all our visitors are very envious. I have no hesitation in recommending LEDsynergy to them." Dicky Staff - Andover Rugby Club

"Our scoreboard is a great success with all our supporters. Complementary comments have been made by the hard of hearing, who have said that the introduction of the scoreboard has greatly enhanced their enjoyment. I know that both Eastleigh Town FC and Havant & Waterlooville FC have bought scoreboards from you after seeing ours in action."

Nick Holmes - Salisbury FC
